Leadership and Education Management Program Batch 3 with the SIPD staff

Leadership and Education Management Program at SIPD

In July and August, SIPD completed three batches of the ongoing Leadership and Education Management Program. Each session began with an orientation and facility tour, followed by highly interactive training featuring case studies, role-plays, and group work.

Participants appreciated the quality of program and facilities. In their concluding reflections, they praised the course content, expert faculty, and supportive staff, with many expressing interest in future programs. Each batch concluded with closing remarks and a celebratory lunch, marking a profoundly successful and impactful professional development experience for all involved.

Leadership and Education Management Program Batch 8 with SIPD Team

SIPD expanded its successful Leadership and Education Management Program with three new batches in September and October. The program immersed participants in interactive learning from the initial orientation and tour through sessions rich with case studies, role-plays, and group work.

Attendees praised not only the excellent accommodations and hospitality but also the robust curriculum and expert instructors. Many left eager to enroll in future programs. Each batch wrapped up with closing remarks and a celebratory lunch, solidifying a powerful and successful development experience for all.

AI in Education Leadership and Management Program

The Leadership and Education Management Session on AI in Education

The Leadership and Education Management Program, focused on AI in Education, commenced with an overview of AI's fundamental concepts and their practical applications for skill development. Held in the computer lab, the session was highly interactive and hands-on. Participants engaged directly with the technology through a series of individual and collaborative tasks. The productive and enjoyable environment provided attendees with valuable firsthand experience in using AI tools within an educational context.

AI Session For Gadap

In July 2025, SIPD conducted a capacity-building session on "AI in Education" for Public School Gadap at the request of its Principal, Mr. Saifullah Bhutto. Led by Mr. Uzair Hameed, the session engaged 14 participants in hands-on practice with AI tools for educational enhancement. The event was also attended by Mr. Imran Ladhik, Principal of Public School Mirpurkhas.

In a subsequent meeting with ED-SIPD, the Principals of both schools discussed potential future collaborations. Mr. Bhutto commended SIPD's initiatives and underscored the importance of such professional learning opportunities. In response, ED-SIPD reaffirmed SIPD's commitment to a sustained partnership aimed at advancing teacher capacity and fostering innovation in education.

Wrapping Up ECCE Technology Focused Session

In July 2025, the ECCE Diploma Program concluded with its final session, "Integrating Technology in the Early Years." Designed as a hands-on workshop, it empowered participants to explore digital tools and demonstrate their practical classroom uses. The engaging session sparked the sharing of creative ideas for enhancing early learning. Participants left feeling more confident, citing the experience as both relevant and practical, and gained crucial insights into how technology can foster meaningful experiences for young children.

ECCE Diploma Examinations Successfully Concluded

The final examinations for the ECCE Diploma Program (July 30 – August 12, 2025) have been successfully completed, concluding an enriching academic journey for all participants. With full attendance and enthusiasm, candidates were assessed on both their theoretical knowledge and practical skills in early childhood education. The final results are now being compiled and will be submitted to the Sindh Board of Technical Education for official declaration.

Independence Day at SIPD

On August 14, 2025, SIPD celebrated Independence Day with great enthusiasm. The event commenced with the national anthem and a special dua for the prosperity of the country.. Representatives from Batch 5 planted trees, symbolizing growth. The ceremony concluded with a communal breakfast for all staff and trainees.

Celebrated Student Creativity

As part of Independence Day celebrations, My School Program showcased student artwork from 12 adopted schools (Grades I–XII). Drawings and paintings reflected the Independence Day theme, highlighting imagination, patriotism, and artistic talent. Distinguished guests, including Air Cdre Shabbir Ahmed, Major Muhammad Ali (CEO, RMWO Rashidabad), and Mr. Asim Aghosh Rashidabad, selected the best entries. Later on, the prizes were subsequently awarded at the respective schools, encouraging students and reinforcing the values of self-expression, creativity, and confidence.

Health Screening at the Government Girls Higher Secondary School Chamber

Health Screening Camp at Government Girls Higher Secondary School Chamber

In August 2025, a health screening camp was organized at Government Girls Higher Secondary School Chamber, under the supervision of Headmistress Ms. Mehwish and a team from the District Health Office. The camp screened 259 students, six teachers, and six non-teaching staff. While most results were clear, two cases of Hepatitis B were identified and referred to Civil Hospital for confirmatory PCR testing and follow-up care.

Completed Repairs at Government Girls Primary School, Piaro Lund

Repair & Maintenance: Government Girls Primary School Piaro Lund

In August 2025, renovation work was completed at the Government Girls Primary School in Piaro Lund. The project gave classrooms a fresh look, improved the building's safety, and updated essential systems like the electrical wiring and plumbing. The community celebrated the new facilities for its students, demonstrating how collaboration builds a better future for children.

A look at the school infrastructure at Government Girls Higher Secondary School Chamber

Repair & Maintenance Review at Government Girls Primary and Higher Secondary School Chamber

During the infrastructure review at the Government Girls Primary School Chamber for Repair and Maintenance work. It was identified that the school's building structure was in a vulnerable condition. The District Education Officer was approached and requested to provide official confirmation on the structural integrity of the school building. In response, the District Education Officer informed that the Government Girls Primary School Chamber had been declared unsafe or beyond repair. SIPD approached the Director of Education, Hyderabad region, for advice. Consequently, the Government Girls Primary School Chamber was excluded from the repair and maintenance of the MSP program. The other components of the program will continue as per planned schedule.

Site Assessment for Laboratory Renovation

A meeting was conducted at the Government Girls Higher Secondary School Chamber on September 1, 2025, between Head Teacher Ms. Mehwish and SIPD's Admin Manager, Mr. Shams, accompanied by his team. The purpose of the visit was to perform a comprehensive assessment of the laboratory. During the visit, the team identified and documented all necessary repair and maintenance requirements for activating the laboratory.

Daily Diary awareness session at MSP School

In September 2025, an awareness session was conducted at GGHSS Main Sindhi Chamber at the Head Teacher's request. It focused on utilizing daily diaries for effective lesson planning and record-keeping. Teachers engaged in demonstrations and discussions, acquiring practical strategies to enhance their classroom management and instructional planning.

Meeting held at the STEDA Office

SIPD and STEDA Explore New Initiatives

In August 2025, ED-SIPD and ED-STEDA met in Karachi to strengthen the partnership for educators' development in Sindh. ED-STEDA Mr. Sayed Rasool Bux Shah was accompanied by Mr. Zain ul Abdin Laghari and Mr. Noor Ahmed Soomro. The discussion revolved around the review of existing programs and a plan to explore new avenues for expanding high-impact teacher training.

School Management Committee (SMC) meeting at Government Girls Primary School Piyaro Lund

In August 2025, MSP staff convened a meeting with the staff and School Management Committee (SMC) of GGPS Piaro Lund. Prompted by a theft incident, the discussion focused on security for the newly renovated school. The MSP team emphasized that the SMC should take charge of protecting the school property. The Town Education Officer (TEO) committed to arranging a watchman. The MSP Program Manager also outlined upcoming activities for the 14th August celebrations. Attendees included Ms. Yusra, Mr. Nadeem Qureshi, Head Teacher Ms. Zakia, TEO Mr. Ghulam Rasool, the SMC Chairman, and Mr. Shams.

Members had a healthy discussion during the SMC Meeting

President SOBA Karachi Chapter Deaf Reach Team Visited SIPD Visits SIPD

In September 2025, Mr. Wahid Khurshid, President of the SOBA Karachi Chapter, visited SIPD. Touring the facilities, he appreciated the learning environment. He also interacted with the ongoing training program participants at SIPD.

In July 2025, Ms. Mishal Geary, Associate Director of Education, along with Deaf Reach team, visited SIPD. They toured the campus, appreciating its facilities, and discussed collaborating on inclusive education and teacher training. Both institutes committed to promoting accessible, quality education and strengthening future partnerships.

RSU Delegation Visited SIPD

In July 2025, Mr. Mujeed-ur-Rehman Khatri of Sindh's RSU, alongside Town Education Officers, visited SIPD. The meeting centered on Government Boys Primary School Lal Muhammad Makrani, a school adopted by SIPD. RSU shared the Plan for two new classrooms. The delegation toured SIPD, appreciating My School Program initiatives and reinforcing collaborative commitments.

Orientation on the SHCC Connect App by JSI

John Snow Inc. (JSI) conducted a one-day session at SIPD to orientate private practitioners on the Sindh Healthcare Commission (SHCC) Connect App. The session aimed to familiarize participants with the app's features, enabling effective utilization in their practice. The app supports private healthcare practitioners by facilitating seamless communication, providing real-time disease alerts, and ensuring comprehensive data management for improved service delivery.

Sessions Conducted by RDF at SIPD

In August 2025, the Research and Development Foundation (RDF) conducted two sessions at SIPD. The first was an entrepreneur meetup for networking and collaboration. The second engaged SMEs with business advisors to discuss growth strategies and solutions. Both sessions underscored the role of innovation and partnership in fostering sustainable business growth.

Farewell for Director Admin SST PSR

In August 2025, SIPD held a farewell for Group Captain Eijaz Hasan (Retd), honoring his contributions during his stay at Rashidabad. The Executive Director presented him with a cultural souvenir and books. Group Captain Eijaz Hasan (Retd) expressed gratitude for SIPD's support. The presence of Major Ali, CEO of RMWO, and other distinguished guests made the occasion memorable.
